

**Responses of Prebid queries of RFP for "GIS based landbase creation of geospatial features of selected area of Rajasthan"
(NIB no. F3.3(203)/RISL/PUR/2017/9404 dated 18.01.2018)**

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
1	9	Invitation for Bid (IFB) & Notice Inviting Bid (NIB), Bid security and mode of payment	Amount (INR) Rs. 6,40,000/- (Rupees six lacs forty thousand only). (2% of the estimated procurement cost). Mode of payment : Banker's cheque or demand draft or bank guarantee (in specified format), of a scheduled bank in favour of "Managing Director, RISL" Payable at "Jaipur".	We request you to kindly consider the Earnest Money Deposit (EMD) to be paid in the form of FDR. Kindly consider.	As per RFP
2	33	21) Acceptance of the successful Bid and award of contract	g) As soon as a Bid is accepted by the competent authority, its written intimation shall be sent to the concerned bidder by registered post or email and asked to execute an agreement in the format given in the bidding documents on a non-judicial stamp of requisite value and deposit the amount of performance security or a performance security declaration, if applicable, within a period specified in the bidding documents or where the period is not specified in the bidding documents then within fifteen days from the date on which the letter of acceptance or letter of intent is dispatched to the bidder.	For furnishing Security Deposit in form of Performance Bank Guarantee of large amounts, any banks take minimum 10 days of time, which is preceded by review of contractual documents/Lol by Organization's internal team. Hence we request RISL to kindly allow 30 working days for submission of the security deposit, after receipt of Letter of Intent (LOI) We request you to kindly confirm	As per RFP
3	50	22. Extension in Delivery Period and Liquidated Damages (LD)	d) In case of extension in the delivery and/ or installation/ completion/ commissioning period is granted with full liquidated damages, the recovery shall be made on the basis of following percentages of value of goods and/ or service which the supplier/ selected bidder has failed to supply/ install/ complete	We request you to amend the clause as under - a. Delay up to one fourth period of the prescribed period of delivery, successful installation and completion of work - 0.25 % b. Delay exceeding one fourth but not exceeding half of the prescribed period of delivery, successful installation and completion of work 0.5 % c. Delay exceeding half but not exceeding three fourth of the prescribed period of delivery, successful installation and completion of work 1 % d. Delay exceeding three fourth of the prescribed period of delivery, successful installation and completion of work 2 % The maximum amount of liquidated damages shall be 2% of the contract value. We request you to kindly confirm	As per RFP

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
4	25	8) Bid Security	h) The bid security of unsuccessful bidders shall be refunded soon after final acceptance of successful bid and signing of Agreement and submitting performance security.	We request to return Unselected Bidder's EMD within 15 days after the selection of selected Tenderer. We request you to kindly confirm	As per RFP
5	45	5.4	Joint venture, consortium or Association is not allowed	Request for removal of this requirement	As per RFP
6	62	6. Service Level Standards/ Requirements/ Agreement	b) SLA for Absence/change of Project Manager	We request to ammend the clause as under - a. Absence of the Project Manager No. of days of absence x Rs.1,000/- b. Change of Project Manager - 1st Change: No penalty All subsequent changes: As per mutual consent Note: Maximum Penalty applicable to the bidder against 'quality of data' shall not exceed 1% of the Work Order value Please confirm.	As per RFP
7	61	6. Special Terms and Conditions of Tender & Contract	6. Service Level Standards/ Requirements/ Agreement	We request you to provide details on time line for data approval after submitted.	As per RFP
8	61	6. Special Terms and Conditions of Tender & Contract	6. Service Level Standards/ Requirements/ Agreement	We understand that any delay at client end for data approval process will be duly considered. Kindly suggest.	As per RFP
9	61	6.0 Service Level Standards/Requirements/Agreement	Accuracy of Road, Rail Network, Bridges/Fly over/Culvert/Water bodies Positional Accuracy <2m	Bidder's understanding is that the positional accuracy of digitized Road, Rail Network and Bridges/Fly over shall be checked against the supplied Satellite images and it should meet the accuracy specified in RFP. Please confirm.	As per RFP
10	11	2. PROJECT PROFILE &BACKGROUND INFORMATION , A. Project Profile	Data Cleaning, Importing collected Data in Rajasthan Geospatial System, Identification and Rectification of error and undertake re-survey if required	We would like to seek details for Rajasthan GeoPortal - Please provide details of exiting GIS platform and other infrastructure available with RISL.This information will help us to study integration part included in scope of work. Kindly provide.	If required, the information will be shared with selected bidder

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
11	11	2. PROJECT PROFILE & BACKGROUND INFORMATION , A. Project Profile	Further, as a requirement of GIS Survey, RISL intends to engage an agency to create and develop land base of geospatial features of selected area of Rajasthan covering railway network, road network of national highways, state highways, major and minor roads, village roads etc., water bodies and government assets etc. for selected area in integration with the existing land base.	We request you to kindly provide pre existing data/data model /schema.	Will be shared with selected bidder
12	13	3	2. Financial: Turnover 1. Annual Average Turnover of the bidder from IT/ITES in India during of the last three financial years, i.e., for the period of FY 2014-15 to FY 2016-17 (as per the last published audited balance sheets), should be at least Rs.10.00 Crores. The Turnover should not include any services related to hardware / networking / IT Audit / Professional services like Financial Audit / CA services etc. 2. Accumulative Annual Turnover of the Bidder from GIS/ GIS related services during the last three financial years, i.e. FY 2014-15, 2015-16 and 2016-2017 (as per the last published audited balance sheets), should be more than Rs.6.00 Crores or equivalent (currency conversion rate shall be taken as per the date of publishing of respective balance sheets).	We request you to kindly change the annual average turnover for last three years from Rs 10.0 Crores to Rs 3.5 Crores. Also for Accumulative Annual Turnover change it from Rs 6.0 Crores to Rs 2.5 Crores. This will help to create healthy competition between bidders.	As per RFP
13	13	3.1.2.1	IT/ITES	Request for change or addition of word GENERAL TURNOVER (IT/ITES/GENERAL)	As per RFP
14	13	3. PRE-QUALIFICATION/ ELIGIBILITY CRITERIA	Technical Capability & Experience 1. The bidder must have successfully completed at least one project of GIS based web applications/ products / services should not be less than Rs.3.00 Crore during last 3 financial years (FY 2014-2015, FY 2015-2016 and FY 2016-2017)	We request you to kindly consider below, criterion as QR in the RFP. 1. The bidder must have successfully completed/Part Completed/Ongoing one or multiple projects of GIS based web applications/ products / services should not be less than accumulative Rs.3.00 Crore during last 5 financial years (FY 2012-2013, FY 2013-2014, FY 2014-2015, FY 2015-2016 and FY 2016-2017).	As per RFP

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
15	13		4. Technical Capability & Experience1. The bidder must have successfully completed at least one project of GIS based web applications/ products / services should not be less than Rs.3.00 Crore during last 3 financial years (FY 2014-2015, FY 2015-2016 and FY 2016-2017)	We request to kindly change the criteria of successfully completed at least one project of GIS based web applications/ products / services should not be less than Rs.3.00 Crore during last 3 financial years (FY 2014-2015, FY 2015-2016 and FY 2016-2017) to Rs 2.00 Crores.	As per RFP
16	13 and 14	Pre-Qualification/Eligibility criteria, point no 4.	The bidder must have successfully completed at least one project of GIS based web applications/ products / services should not be less than Rs.3.00 Crore during last 3 financial years (FY 2014-2015, FY 2015-2016 and FY 2016-2017) andThe bidder must have successfully completed, full or phase/ part, at least: one project having GIS based land base creation under development/ products/ consultancy/ services should not be less than Rs. 80.00 lacs during last 3 financial years (FY 2014-2015, FY 2015-2016 and FY 20162017)ortwo projects having GIS based land base creation under development/ products/ consultancy/ services wherein the combined value of the projects should not be less than Rs. 90.00 lacs during last 3 financial years (FY 2014-2015, FY 2015-2016 and FY 20162017)orthree projects having GIS based land base creation under development/ products/ consultancy/ services wherein the combined value of the projects should not be less thanRs. 1.00 Crore during last 3 financial years (FY 2014-2015, FY 2015-2016 and FY 20162017)	We request you to kindly consider the experience of 3Cr. from GIS based services or GIS land base creation experience	As per RFP
17	14	3. PRE-QUALIFICATION/ ELIGIBILITY CRITERIA	5.The bidder must possess, at the time of bidding, a valid : a) ISO 9001:2008 b) CMMi Level 3 Certification	Since the scope of work requires data creation & maintenance, we request you to kindly consider valid ISO 9001:2008/ISO 9001:2015, certification, as applicable on data work.	As per amended RFP
18	14		5. CertificationsThe bidder must possess, at the time of bidding, a valid : a) ISO 9001:2008 b) CMMi Level 3 Certification	We request to kindly consider it as bidder must possess a valid certificate a) ISO 9001:2008 OR b) ISO 9001:2015 OR c) CMMi Level 3 Certification	As per amended RFP
19	14	3.1.5.b	CMMi Level 3	Request for Removal of Certification requirement	As per RFP

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
20	16	Section 4 (A), Establishment of data processing environment	The selected bidder shall establish secure data processing center in Jaipur for all the activities detailed in scope of work.	Kindly let us know whether RISL provides any office space with requisite power, LAN connectivity and furniture to set up a secure data processing center. Please confirm.	As per RFP. Bidder to set-up its own infrastructure. However, for confidentiality purpose, RISL may conduct site inspections before & during the process, as & when desired by RISL.
21	16	4. SCOPE OF WORK, DELIVERABLES, TIMELINES & PAYMENT A. Establishment of data processing environment	The selected bidder shall establish secure data processing center in Jaipur for all the activities detailed in scope of work	We assume that physical space will be provided by RISL including sufficient Manpower space/security. Please confirm.	As per RFP. Bidder to set-up its own infrastructure. However, for confidentiality purpose, RISL may conduct site inspections before & during the process, as & when desired by RISL.
22	16	4. SCOPE OF WORK, DELIVERABLES, TIMELINES & PAYMENT	A. Establishment of data processing environment The selected bidder shall establish secure data processing center in Jaipur for all the activities detailed in scope of work. The selected bidder shall be responsible for proper security of the data and shall abide by all the prevailing Acts / rules / policies / guidelines issued by GoI / GoR time to time. The purchaser shall have all the rights to make inspection of the site at any point of time with / without prior notice.	Given that major part of scope of work includes data updation which required regular coordination from RISL. We understand that selected bidder shall deploy resources onsite. Kindly confirm.	As per RFP. Bidder to set-up its own infrastructure. However, for confidentiality purpose, RISL may conduct site inspections before & during the process, as & when desired by RISL.

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
23	16	4. SCOPE OF WORK, DELIVERABLES, TIMELINES & PAYMENT	A. Establishment of data processing environment The selected bidder shall establish secure data processing center in Jaipur for all the activities detailed in scope of work. The selected bidder shall be responsible for proper security of the data and shall abide by all the prevailing Acts / rules / policies / guidelines issued by GoI / GoR time to time. The purchaser shall have all the rights to make inspection of the site at any point of time with / without prior notice.	Given that major part of scope of work includes data updation which required regular coordination from RISL. We understand that selected bidder shall deploy resources onsite, if yes. Please suggest the total team size envisaged to be deployed for the updation phase. please suggest.	As per RFP. Bidder to set-up its own infrastructure. However, for confidentiality purpose, RISL may conduct site inspections before & during the process, as & when desired by RISL.
24	16	Section 4 (B), Creation of Land base	RISL intends from the selected bidder to create and provide GIS based land base of geospatial features selected area of approximately 1.95 lacs (One lakh ninety five thousand) sq. km in State of Rajasthan.	Kindly provide the exact area details for creating Land base. Also please let us know will there be any buffer area for 1.95 lack sq. km? Please specify.	Will be shared with selected bidder
25	16	Section 4 (B), Creation of Land base	Land base to be created includes Rail Network, Road Network, Bridge/ Culvert & Fly Over, Water Bodies, Land use and Government assets and should be in sync with the Land base created for part of the State.	Kindly provide the existing format of the land base features created for the part of the state.	Will be shared with selected bidder
26	16	Section 4 (B), Creation of Land base	The agencies shall interpret the Land base features from imagery provided by RISL, digitize the geometry (line and polygon) of that features and provide digital geo-referenced Land base Map of the Geospatial features of the area.	1. Kindly provide the details of the Satellite imagery including resolution, sensor, pass date etc.	Yes. As per amended RFP
27	16	Section 4 (B), Creation of Land base	The agencies shall interpret the Land base features from imagery provided by RISL, digitize the geometry (line and polygon) of that features and provide digital geo-referenced Land base Map of the Geospatial features of the area.	2. We understand that the Satellite Imagery provided will be geo rectified and does not need any further processing. Please confirm.	Yes. As per amended RFP
28	16	Section 4 (B), Creation of Land base	The agencies shall interpret the Land base features from imagery provided by RISL, digitize the geometry (line and polygon) of that features and provide digital geo-referenced Land base Map of the Geospatial features of the area.	3. Kindly let us know the Scale of mapping the spatial features for creation of Base map.	as per amended RFP

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
29	16	4. SCOPE OF WORK, DELIVERABLES, TIMELINES & PAYMENT B. Creation of Landbase	Landbase to be created includes Rail Network, Road Network, Bridge/Culvert & Fly Over, Water Bodies, Landuse and Government assets and should be in sync with the Landbase created for part of the State.	We request RISI to specify the details of Data Projection system and specific formats for Landbase created for part of the State. Please specify.	Will be shared with selected bidder
30	16	4. SCOPE OF WORK, DELIVERABLES, TIMELINES & PAYMENT B. Creation of Landbase	The agencies shall interpret the Landbase features from imagery provided by RISL, digitise the geometry (line and polygon) of that features and provide digital geo-referenced Landbase Map of the Geospatial features of the area [AOI selected by RISL such as District/Block/GP/Village Boundary] so as to visually represent the geographical locations	We assume that RISI will provide Projected Orthorectified Images to capture Landbase features. Please confirm.	Yes, as per amended RFP
31	16	4. SCOPE OF WORK, DELIVERABLES, TIMELINES & PAYMENT	B. Creation of Land base RISL intends from the selected bidder to create and provide GIS based land base of geospatial features selected area of approximately 1.95 lacs (One Lakh ninety five thousand) sq. km in State of Rajasthan. Land base to be created includes Rail Network, Road Network, Bridge/Culvert & Fly Over, Water Bodies, Landuse and Government assets and should be in sync with the Land base created for part of the State. The agencies shall interpret the Land base features from imagery provided by RISL, digitize the geometry (line and polygon) of that features and provide digital geo-referenced Land base Map of the Geospatial features of the area [AOI selected by RISL such as District/Block/GP/Village Boundary] so as to visually represent the geographical locations.	Kindly provide Area of Interest in soft copy/hard copy. Kindly provide.	Will be shared with selected bidder

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
32	16	4. SCOPE OF WORK, DELIVERABLES, TIMELINES & PAYMENT	1. Creation of Road Network database of Rajasthan (as line and polygon feature): Create road network of National Highways, State Highways, Other District Highways Road, Mega Highways, Major District Road, Expressway, Major and Minor City Road, Village Roads etc.	We understand that scope of work doesn't include capturing internal roads of villages/cities/towns/Human Settlements. Kindly confirm.	As per RFP
33	16	4. SCOPE OF WORK, DELIVERABLES, TIMELINES & PAYMENT	1. Creation of Road Network database of Rajasthan (as line and polygon feature): Create road network of National Highways, State Highways, Other District Highways Road, Mega Highways, Major District Road, Expressway, Major and Minor City Road, Village Roads etc.	We understand that scope of work doesn't include habitation mapping. Please confirm. If Yes, then does boundary line and other details need to be captured. Kindly confirm.	As per RFP
34	16	4. SCOPE OF WORK, DELIVERABLES, TIMELINES & PAYMENT	1. Creation of Road Network database of Rajasthan (as line and polygon feature): Create road network of National Highways, State Highways, Other District Highways Road, Mega Highways, Major District Road, Expressway, Major and Minor City Road, Village Roads etc.	We understand that the habitation along the highway/railway/ road network shall only be depicted by outline boundary, there shall be no detailing required within the habitation, please confirm.	As per RFP
35	16	4. Scope of work, deliverables, timelines & payment	B. Creation of Landbase	Kindly provide features list need to be captured from satellite data in details. Please share layer wise data model currently required for the portal.	Will be shared with selected bidder
36	16	4 B	Creation of Landbase	Can you please give the details of existing database with RISL?	Will be shared with selected bidder
37	16	4 B	Imagery would be provided by RISL	What imagery RISL would be providing? Would the imagery be geo-referenced or DGPS survey would be required to be conducted for the geo-referencing of the imagery?	Will be shared with selected bidder
38	16	4 B	Creation of Landbase	The software and the infrastructure for the creation of Landbase would be provided by RISL? Please Clarify.	No
39	17	Point-B, Creation of Landbase, point-5	Create database for all government assets and important private assets which are visible and markable as polygon on imagery.	To identify government assets and important private assets field survey is required or we have to use only POI data to identify them, kindly clarify?	As per amended RFP

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
40	16	4.B. Creation of Landbase	RISL intends from the selected bidder to create and provide GIS based landbase of geospatial features selected area of approximately 1.95 lacs (One lakh ninety five thousand) sq. km in State of Rajasthan. Landbase to be created includes Rail Network, Road Network, bridge/Culvert & Fly Over, Water Bodies, Landuse and Government assets and should be in sync with the Landbase created for part of the State. The agencies shall interpret the Landbase features from imagery provided by RISL, digitise the geometry (line and polygon) of that features and provide digital georeferenced Landbase Map of the Geospatial features of the area [AOI selected by RISL such as District/Block/GP/Village Boundary] so as to visually represent the geographical locations	Bidder's understanding is that Satellite imageries will be provided by RISL. Request to provide the following information • Resolution of the images • Whether satellite data are georeferenced/ ortho-rectified with land base available with RISL. Whether RISL supplied satellite imagery is ready to use for feature digitization?	As per amended RFP
41	16	4. B. Creation of Landbase 1. Creation of Road network database of Rajasthan	Create road network of National Highways, State Highways, Other District Highways Road, Mega Highways, Major District Road, Expressway, Major and Minor City Road, Village Roads etc.	Bidder's understanding is that all roads including village roads with black top are to be digitized. No katcha roads, cart tracks, foot paths etc are not part of the scope. Please confirm	As per amended RFP
42	16	4. B. Creation of Landbase 2. Creation of Railway network database of Rajasthan	Create Railway Network of the entire State (Broad gauge, Meter gauge and Narrow gauge) including Metro Rail Network as line feature (as double line/multiple line feature)	Underground metro Rail network if available, may not be possible to delineate using satellite data. RISL is requested to provide Underground metro Rail network map from Metro rail Corp.	As per RFP
43	16	4. B. Creation of Landbase 3. Creation of water body database of Rajasthan	Create all major and minor water bodies like Lake, River, Stream, Island, Canal, Drainage, pond/Tank, Reservoir etc.	The scope of work includes digitization of ponds / tanks using satellite imagery. It is difficult to identify and digitize small water bodies. Hence, RISL is requested to fix the size of water body as above 2 ha or 0.02 sq.km for digitization.	As per RFP
44	16	B. Creation of Landbase	Land use and Government assets should be in sync with the Landbase created for part of the state	Request to specify the classification level (Class names/feature classes) for creation of Land use/Land Cover map?	Will be shared with selected bidder

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
45	17	Section 4 (C), Integration of created land base map with available attribute details of land base features	RISL is in progress of collecting the attribute details related to all Govt. and important Private point of interest (POI) through GIS Survey for entire state	We assume that the Survey attribute details (Non-spatial data) collected by RISL are quality checked and can be integrated directly to the spatial data to be captured. Please confirm.	Yes. As per RFP
46	17	Section 4 (C), Integration of created land base map with available attribute details of land base features	1. Create polygon / line feature for all land use features identified using Pol and can clearly be interpreted on imagery.	Kindly let us know whether RISL can provide exact path of the Line/Polygon land use features in case of canopy areas in the satellite imagery which may be covered by bushes and trees. Please specify.	Will be shared with selected bidder
47	17	Section 4 (C), Integration of created land base map with available attribute details of land base features	2. integrate land base features with the following land base attribute details captured by RISL	Kindly let us know whether RISL provides any sample data for integration of land base features with attribute details. Please confirm.	Will be shared with selected bidder
48	16	C. Integration of created landbase map with available attribute details of landbase features	Integration of created landbase map with available attribute details of landbase features	We request RISL to specify the common attributes between spatial and textual datas.	Will be shared with selected bidder
49	17	C. Integration of created land base map with available attribute details of land base features	The above activities shall be done as & when the data of relevant area (district / block / town / village etc.) is provided to the selected bidder by RISL. For integration activity per 20000 sq. km area, the selected bidder shall be provided at least 7 - 15 days' time depending upon density of features for given area. The integration activity shall be done during land base creation as well as updation period as per the availability of respective Pol data.	We understand that work will be allocated to multiple vendor. Kindly confirm.	As per RFP
50	19	Section G; S.no 1	Complete Set of Data in Shape Files and GeoDatabase in external medium (District wise GIS Landbase data) - Within Three (03) Months from the date of work order	We assume three months duration for each of the batch containng around 20000 km ² . So overall there might be 10 batches (=195000/20000). Please confirm.	As per RFP

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
51	17		Integration of created landbase map with available attribute details of landbase features: The above activities shall be done as & when the data of relevant area (district / block / town / village etc.) is provided to the selected bidder by RISL. For integration activity per 20000 sq. km area, the selected bidder shall be provided at least 7 - 15 days' time depending upon density of features for given area	Do we assume that the minimum unit of data allocation for the bidder is 20000 Sq.Km for every quarter?	No. As per RFP
52	18	Section 4 (D), Data Processing and Submission	2. Adherence to standards for naming of files and database layers	Kindly let us know whether RISL will provide any Nomenclature for the files and Database layers. Please confirm.	Will be shared with selected bidder
53	18	D. Data Processing and Submission	2. Adherence to standards for naming of files and database layers	Share the standard format for naming of files and database layers	Will be shared with selected bidder
54	18	D. Data Processing and Submission	2. Adherence to standards for naming of files and database layers	Request you to provide pre approved standard for naming of files and database layers available with RISL. Kindly provide.	Will be shared with selected bidder
55	18	4. D. Data Processing and submission	Adherence to established symbol, line type, colour, proper feature labelling and annotation placement, and map sheet layout criteria.	Bidder's understanding is that template regarding symbols, line type, colour label, annotation placement and map layout will be provided by RISL. Please clarify.	Will be shared with selected bidder
56	18	E. Data Validation	2. For data validation purpose, a sample size of 05-10% of the allocated area shall be selected on random basis. In case, the error level in the selected sample size crosses the desired accuracy level, then the selected agencies shall be responsible to undertake re-creation of landbase as specified in the work order, rectify the error and collect approval from RISL without having any financial impact on RISL.	We request RISL to provide data Accuracy/ RMS error acceptance criteria. Please specify	As per RFP
57	18	E. Data Validation	2. For data validation purpose, a sample size of 05-10% of the allocated area shall be selected on random basis. In case, the error level in the selected sample size crosses the desired accuracy level, then the selected agencies shall be responsible to undertake re-creation of land base as specified in the work order, rectify the error and collect approval from RISL without having any financial impact on RISL.	Please elaborate on the spatial accuracy requirements for spatial data development.	As per RFP

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
58	18	F. Quarterly Release of Updated Data	F. Quarterly Release of Updated Data The Agencies shall also be responsible for updation of land base of new features developed / infrastructure created by various departments. Based on the updated imagery, the agencies shall be responsible to update the map-data and provide quarterly release to RISL for three (03) years from the date of acceptance of the final set of data based on the work order issued by RISL. As GIS survey work is in progress by RISL, the selected bidder need to update and integrate the land base/ Landuse map based on attribute details of newly land base features captured by GIS Survey in process of quarterly updating	Kindly explain the mechanism of working in details for data exchange between RISL and selected bidder.	Will be shared with selected bidder
59	18	F. Quarterly Release of Updated Data	F. Quarterly Release of Updated Data The Agencies shall also be responsible for updation of land base of new features developed / infrastructure created by various departments. Based on the updated imagery, the agencies shall be responsible to update the map-data and provide quarterly release to RISL for three (03) years from the date of acceptance of the final set of data based on the work order issued by RISL. As GIS survey work is in progress by RISL, the selected bidder need to update and integrate the land base/ Landuse map based on attribute details of newly land base features captured by GIS Survey in process of quarterly updating	We seek minimum/maximum work quantity criterion for the maintenance phase, to estimate sustainable working model/arrangement. Please suggest & guide.	As per RFP

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
60	18	F. Quarterly Release of Updated Data	F. Quarterly Release of Updated Data The Agencies shall also be responsible for updation of land base of new features developed / infrastructure created by various departments. Based on the updated imagery, the agencies shall be responsible to update the map-data and provide quarterly release to RISL for three (03) years from the date of acceptance of the final set of data based on the work order issued by RISL. As GIS survey work is in progress by RISL, the selected bidder need to update and integrate the land base/ Landuse map based on attribute details of newly land base features captured by GIS Survey in process of quarterly updating	Please specify no of resources and infra required to be deployed during the maintenance phase.	To be decided by the bidder
61	19	F. Quarterly Release of updated Data	The agencies shall be responsible for updation of Landbase of new features eveloped/infrastructure created by various departments. Based on the updated imagery, the agencies shall be responsible to update the map data and provide quarterly release to RISL for 3 years from the date of acceptance of the final set of data based on the work order issued by RISL.	Bidder's understanding is that RISL shall provide ortho-rectified and georeferenced Satellite images before end of each quarter for quarterly update of data base. Please confirm.	As per amended RFP
62	19	G. Deliverables, Milestone, Time Schedule and Payment	Timelines, Payment Schedule	Given the vast scope of work along with volume of work, we request you to kindly extend project time line by 2-3 weeks . Kindly consider.	As per RFP
63	19	G. Deliverables, Milestone, Time Schedule and Payment	Timelines, Payment Schedule	Given the varied activities in the project we seek revision in the project payment milestone as below > 10% mobilization advance, against equal amount bank guarantee. Kindly consider.	As per RFP
64	19	G. Deliverables, Milestone, Time Schedule and Payment	Timelines, Payment Schedule	We seek monthly payment for the project as well as maintenance phase, for the amount of work completed/executed by the service provider. Kindly consider & confirm.	As per RFP

S.No.	RFP Page No.	RFP Rule No.	Rule Details	Query/ Suggestion/ Clarification	Response from RISL
65	19	Section G; S.no 1	Deployment of Project Manager & Establishment of secure data processing center - Within one week time from the date of work order.	Deployment of project manager & establishment of secure data processing center is not possible to complete within one week for any bidder.
