**Administrative Order**

**Introduction**

The Department of Information Technology and Communication (DoIT&C) and RajComp Info Services Limited (RISL) are the nodal agencies for implementation of various IT Projects in the state. In order to manage various IT projects and initiatives, it has been decided to seek the services of reputed IT agencies/Firms/Organizations having relevant experience to work with departments for effective implementation of various projects. Accordingly, an RFP was floated through RISL and Bids were invited from reputed agencies for their empanelment for a period of two years. The rates have been finalized by RISL and the process of selection of IT manpower from the empaneled agencies /firms/organization was under active consideration and accordingly RISL has decided to issue the administrative order for the same.

1. Any department of Government of Rajasthan or allied offices under it (Corporations/board/Societies/in-dependent bodies) etc. can avail the IT Manpower Services from the empaneled firms through RISL by the due procedure.

5. Department must ensure proper working environment for the resources and preferably ensure seating near the officials with whom they have to frequently interact with.
6. RISL is solely acting as a Pure Agent for manpower services and does not hold or intend to hold any title to the manpower services being procured. All manpower services must be engaged in the name of Client Department, with invoices issued accordingly. RISL will facilitate payments on behalf of the concerned department.
